

# New Year SHARING MOVEMENT Event

14<sup>th</sup> January, 3-7 pm

Wootton Fitzpaine Village Hall, Dorset DT6 6ND

## ‘Dialogue Moves’ with Emma Meehan

*In 2018, I chatted with Prapto about Amerta Movement as a way for peace-building: how people from different backgrounds could be together through the movement practice.*

*I attended Prapto’s 1000-day ceremony in 2022, and in this presentation I will share some of how this experience helped me to explore dialogue across difference. I invite people into the process of this ‘unfinished’ experience of risk, vulnerability, openness, exchange – how cultural and religious histories are carried in the body and exposed to potential for change through dialogue with others.*

*With thanks to Prapto, Diane Butler, Samsul Maarif, Rifa Fitriana and all those whom I met on my journey.*

## ‘And when I opened the door, this is what I saw...’ with Keith Miller

*Reflections in words and pictures of my time in Java in September 2022 for Prapto’s 1000-day ceremony – a time of ritual and celebrations, collaborations, exhibitions and performances.*

*Several themes threaded through my journey. I will share some of these from my explorations in Solo, Borobudur and Yogyakarta into singing and movement-art, and into social and environmental art-activism by artists in the Sharing Movement circulation and beyond, including Sitras Anjilin, Agus Bimo, Misbach Daeng Bilok and Ibed Surgana Yuga.*

## **‘I Will Meet You There’ a film with Karolina Nieduza**

*In this lifetime, I was born into a deeply religious, devout Catholic family in the heart of Poland.*

*35 years later I started to become aware that I possess remnants and flashes of memory of numerous other religions, philosophical and spiritual beliefs present throughout my existence across many lifetimes.*

*The concept of the film was born out of these observations and insights during movement practice and many journeys to Java.*

*During the process of making and editing the film, I was asking myself:*

*“What really draws and repels me to god(s), established religions, or spiritual beliefs?”*

*“Am I genuinely looking for healing, understanding, and enlightenment, or am I using it as the perfect place to hide or escape from myself?”*
